Deutsche Bank Center, New York City

Private Software and AI Company Summit

We would like to invite you to our signature private software and AI summit featuring an exclusive selection of companies. During the event we will have dedicated meeting opportunities for companies considering the growth equity or pre-IPO track, allowing for networking with institutional and later stage investors. We will also host one-on-one meetings with companies looking to build networks among corporates and PE deal professionals regarding potential M&A or strategic investments.

We are also pleased to bring everyone together at 5:00pm ET to celebrate Oktoberfest at a reception at Deutsche Bank Center overlooking Central Park.

We look forward to seeing everyone. If you have any questions, please contact your Deutsche Bank representative or felix.wu@db.com.

With deep dedication.

Deutsche Bank
